

WELDING ENGINEERING TECHNOLOGY, ADVANCED CERTIFICATE

College(s): DA

Program Code: 0450

This program is for students looking to work within the exciting field of Welding Engineering Technology. Students will learn welding skills including MIG, TIG, metal cutting techniques and small machine operation related welding in addition to weld blueprint reading and related processes. CNC fabrication equipment commonly associated with welding fabrication will also be introduced. Students will be performing hands on welding and completing projects throughout this program to develop hands on skills that employers are looking for.
